LONG TERM CARE FACILITIES

Surveys

- 126 (88% of the state-licensed NCI) Infection control surveys completed
- 16 additional surveys scheduled for the remainder of the week.
- We are targeted to be 100% by June 9th.

Testing

- By the end of the day today, specimen collection will be completed at 71 facilities,
- 15 facilities are coordinating their own testing
- A total of 8227 staff and residents have been tested so far
- Testing is scheduled to be completed for all facilities by June 11

CORRECTIONS

Serology Testing

- U of A serology testing is available for staff and contractors that want to get tested immediately
- Contract signed with SonoraQuest Labs to complete onsite specimen collection and testing for staff and contractors all facilities

Yuma Diagnostic Testing

- All staff being tested at the facility, ADHS provided testing supplies

Infection Control Surveys

- Infection Control Assessment and Response (ICAR) Surveys completed for all State Prison Complexes
- Onsite follow up planned for all facilities beginning next week through the month of June

STATEWIDE TRENDS

- As we've expected, there is an increase in the number of cases COVID-19 and in hospital metrics.
 - Increased testing
 - Slowly phased in reopening
 - More individuals out in the community
- In addition to COVID-19 increases, we are seeing increases in *non*-COVID-19 hospital use as more people are comfortable seeking care
- Continue to monitor the data to make recommendations

STATEWIDE TRENDS

- Monitoring closely:
 - Southern Region
 - Increase of cases in Mexico
 - Outbreak associated cases
 - Northern Region
 - Large number of transfers to central region hospitals.

ENSURING HOSPITAL CAPACITY

- The Arizona Surge Line is a free statewide 24/7 call line for hospitals and their providers that optimizes hospital resources by quickly coordinating the transfer, admission, and discharge of patients statewide.
 - Assisted hospitals statewide with 583 patients
 - Facilitated the transfers of over 500 patients to the appropriate level of care throughout the state
- Thankful to our hospital partners who are working together to support the whole of Arizona's healthcare system and make this endeavor successful.

REMEMBER TO DO YOUR PART

CONTINUE TO PRACTICE GOOD HYGIENE

- ✓ **Wash your hands** with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.
- ✓ **Avoid touching your face.**
- ✓ **Cover your cough** or sneeze, cough into a tissue, or the inside of your elbow.
- ✓ Disinfect frequently used items and surfaces as much as possible.
- ✓ Strongly consider using face coverings while in public, and particularly when using mass transit.

PEOPLE WHO FEEL SICK SHOULD STAY HOME

- ✓ Do not go to work or school.
- ✓ Contact and follow the advice of your medical provider.

The background of the image is a dark teal color. In the lower half, there is a faint, light-colored illustration of the Arizona State Capitol building. The central focus is the dome, topped with the Arizona State Capitol statue. Below the dome is the triangular pediment, which is filled with intricate carvings of cacti and other desert flora. The text 'ARIZONA TOGETHER' is centered over the image in a large, white, sans-serif font. The word 'ARIZONA' is on the top line, and 'TOGETHER' is on the bottom line. The letter 'O' in 'ARIZONA' is stylized with a white outline of the state of Arizona inside it.
